

Vehicle Safety Inspection Program Bulletin

ASED-001

Date: January 01, 2019

Bulletin: All Inspection Station Personnel

From: Automotive Safety Enforcement Division

RE: **Discontinuation of Special Orders, and creation of Vehicle Safety Inspection Program Bulletins.**

Please be advised, effective immediately the Special Orders are no longer being issued to inspection stations or referenced by stations and station personnel in the Vehicle Safety Inspection Program. The Division has instituted the new *Vehicle Safety Inspection Program Bulletin* to provide interpretation of regulation or guidance for procedures related to the vehicle safety inspection program for specific circumstances not covered by the Vehicle Inspection Handbook, and to address emerging automotive technical innovations, inspection procedures, or emerging automotive technical innovations which may seem to be in conflict with current regulations.

Inspection stations and inspection personnel will follow the guidance contained in these Inspection Bulletins until such time as the vehicle inspection regulations are updated in accordance with State Government Article, §§10-130—10-139, Annotated Code of Maryland.

These bulletins will be posted on the Division Website shown below, and be available on the MSIS site. These bulletins should be downloaded and retained at the Inspection Station for reference until advised otherwise by the Division.
