Objected Petitions Reviewed May 10, 2024

<u>Docket No.</u>	<u>Make</u>	<u>Model</u>	<u>Caliber</u>	<u>Date Received</u>
24094	MAXIM DEFENSE	MD9 Pistol	9 mm	04/18/2024
<p>The objection before the Board was for an enhanced model addition to a handgun that had previously been approved. The Board voted 7-1 to dismiss the objection. Board Member Bajefsky was the dissenting vote. "He dissented because, in his opinion, the MD9 was shown to be fired from the shoulder in the only evidence in the record demonstrating the actual use of the weapon. In his opinion, it is, therefore, a short-barreled rifle and an assault weapon." The objection was dismissed for the following reason: This is a handgun and not an assault weapon per F/Sgt. Donald Pickle and AAG Mark Bowen's review and interpretation.</p>
